PREFACE

Furnished by Staunton and Augusta County Chamber of Commerce.

Staunton and Augusta County, Va., lies in the heart of the Valley of Virginia; in the center of the wheat, corn, cattle and apple section of the State.

Staunton is a city of over 12,000 people. Augusta County has a population of 47,000. Two hundred and eighty merchants in the city of Staunton do an annual business in excess of eight million dollars. The seventeen banks of the city and county have total resources of over NINE MILLION DOLLARS. Four railroads serve the city and county. In Augusta County there is a million dollar cement plant; a million dollar tannery; five hundred thousand dollar extract plant; Standard Oil has located in the western part of the county one of their largest barrel, stave and heading plants, with over one million five hundred thousand dollars invested in factory, timber and railroad. Staunton's manufacturing plants produce flour, brick, evaporated apples, fertilizer, lime, pennants, plows, wagons, barrels, organs, overalls and clothing. Two ice plants and a large cold storage for apples are only a few of the other industries.

Augusta County produces wheat, corn and other small grain, and is one of the largest producers of apples in the country, over one thousand five hundred car loads being shipped in one season. The value of the wheat crop in 1918 was three million five hundred thousand dollars.

In the public schools of Staunton are 1,529 pupils. The five public school buildings are valued at \$150,000.00. There is also in the city six private schools, with an annual patronage of 2,000 pupils. The city also has two large State institutions: the State Asylum and the State School for the deaf and blind.

Staunton is the home of the Shenandoah Valley Fair, which is noted throughout the East for large exhibits of live stock and agricultural products.

Over Nine Thousand Successful Graduates

Established 1872 51st Session Chartered by Legislature 1884

It does not guarantee positions or agree to pay railroad fare as an inducement to secure patronage. It DOES guarantee thorough preparation for securing and holding a position after it has been secured. And to this end it has been wonderfully successful. At this time not one of our Combined or Full Course Graduates is out of employment, their salaries ranging from \$75 to \$300 per month. Write at once for catalogue and statements that verify the foregoing assertion.

Power of Advertising

The CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase.

If your business is not classified properly and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.
